Michael D. Randell, M.D., P.C.
HIPAA Notice of Privacy Practices
Effective Date: April 14, 2003

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

If you have any questions about this notice, please contact Dr. Randell.

OUR OBLIGATIONS:

We are required by law to:

- Maintain the privacy of protected health information
- Give you this notice of our legal duties and privacy practices regarding health information about you
- Follow the terms of our notice that is currently in effect

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION:

Described as follows are the ways we may use and disclose health information that identifies you ("Health Information"). Except for the following purposes, we will use and disclose Health Information only with your written permission. You may revoke such permission at any time by writing to Dr. Randell.

Treatment. We may use and disclose Health Information for your treatment and to provide you with treatment-related health care services. For example, we may disclose Health Information to doctors, nurses, technicians, or other personnel, including people outside our office, who are involved in your medical care and need the information to provide you with medical care.

Payment. We may use and disclose Health Information so that we or others may bill and receive payment from you, an insurance company, or a third party for the treatment and services you received. For example, we may give your health plan information so that they will pay for your treatment.

Health Care Operations. We may use and disclose Health Information for health care operation purposes. These uses and

disclosures are necessary to make sure that all of our patients receive quality care and to operate and manage our office. For example, we may use and disclose information to make sure the obstetrical or gynecological care you receive is of the highest quality. We also may share information with other entities that have a relationship with you (for example, your health plan) for their health care operation activities.

Appointment Reminders, Treatment Alternatives and Health Related Benefits and Services. We may use and disclose Health Information to contact you and to remind you that you have an appointment with us. We also may use and disclose Health Information to tell you about treatment alternatives or health-related benefits and services that may be of interest to you.

Individuals Involved in Your Care or Payment for Your Care. When appropriate, we may share Health Information with a person who is involved in your medical care or payment for your care, such as your family or a close friend. We also may notify your family about your location or general condition or disclose

such information to an entity assisting in a disaster relief effort.

Research and Education. Under certain circumstances, we may use and disclose Health Information for research or education. For example, a research project may involve comparing the health of patients who received one treatment to those who received another, for the same condition. Before we use or disclose Health Information for research, the project will go through a special approval process. Even without special approval, we may permit researchers to look at records to help them identify patients who may be included in their research project or for other similar purposes, as long as they do not remove or take a copy of any Health Information.

Marketing. With your consent, we may use and disclose Health Information for marketing purposes. For example, you may be asked to participate in a health story on television or in printed media. Before we use or disclose Health Information for marketing purposes, we will obtain your approval.

Business Associates. There are some services provided in the office through agreements with business associates. One example is billing, nursing, and general office services. We may disclose your healthcare information to our business associates so that they can perform the job we have asked them to do. We require the business associate to safeguard your information.

SPECIAL SITUATIONS:

As Required by Law. We will disclose Health Information when required to do so by international, federal, state or local law.

To Avert a Serious Threat to Health or Safety. We may use and disclose Health Information when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. Disclosures, however, will be made only to someone who may be able to help prevent the threat.

Business Associates. We may disclose Health Information to our business associates that perform functions on our behalf or provide us with services if the information is necessary for such functions or services. For example, we may use another company to perform billing services on our behalf. All of our business associates are obligated to protect the privacy of your information and are not allowed to use or disclose any information other than as specified in our contract.

Organ and Tissue Donation. If you are an organ donor, we may use or release Health Information to organizations that handle organ procurement or other entities engaged in procurement; banking or transportation of organs, eyes, or tissues to facilitate organ, eye or tissue donation; and transplantation.

Military and Veterans. If you are a member of the armed forces, we may release Health Information as required by military command authorities. We also may release Health Information to the appropriate foreign military authority if you are a member of a foreign military.

Workers' Compensation. We may release Health Information for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.

Public Health Risks. We may disclose Health Information for public health activities. These activities generally include disclosures to prevent or control disease, injury or disability; report births and deaths; report child abuse or neglect; report reactions to medications or problems with products; notify people of recalls of products they may be using; a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition; and the appropriate government authority if we believe a patient has been the victim of abuse, neglect or domestic violence. We will only make this disclosure if you agree or when required or authorized by law.

Health Oversight Activities. We may disclose Health Information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

Lawsuits and Disputes. If you are involved in a lawsuit or a dispute, we may disclose Health Information in response to a court or administrative order. We also may disclose Health Information in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

Law Enforcement. We may release Health Information if asked by a law enforcement official if the information is: (1) in response to a court order, subpoena, warrant, summons or similar process; (2) limited information to identify or locate a suspect, fugitive, material witness, or missing person; (3) about the victim of a crime even if, under certain very limited circumstances, we are unable to obtain the person's agreement; (4) about a death we believe may be the result of criminal conduct; (5) about criminal conduct on our premises; and (6) in an emergency to report a crime, the location of the crime or victims, or the identity, description or location of the person who

committed the crime.

Coroners, Medical Examiners and Funeral Directors. We may release Health Information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death. We also may release Health Information to funeral directors as necessary for their duties.

National Security and Intelligence Activities. We may release Health Information to authorized federal officials for intelligence, counter-intelligence, and other national security activities authorized by law.

Protective Services for the President and Others. We may disclose Health Information to authorized federal officials so they may provide protection to the President, other authorized persons, or foreign heads of state, or to conduct special investigations.

Inmates or Individuals in Custody. If you are an inmate of a correctional institution or under the custody of a law enforcement official, we may release Health Information to the correctional institution or law enforcement official. This release would be if necessary: (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) the safety and security of the correctional institution.

YOUR RIGHTS:

You have the following rights regarding Health Information we have about you:

Right to Inspect and Copy. You have a right to inspect and copy Health Information that may be used to make decisions about your care or payment for your care. This includes medical and billing records, other than psychotherapy notes. To inspect and copy this Health Information, you must make your request, in writing, to Dr. Randell. An administrative fee and a per page copy fee will be charged to you according to Georgia

Law and you will be required to pay this fee prior to the release of your records.

Right to Amend. If you feel that Health Information we have is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment for as long as the information is kept by or for our office. To request an amendment, you must make your request, in writing, to Dr. Randell stating a reason that supports your request.

Right to an Accounting of Disclosures.

You have the right to request a list of certain disclosures we made of Health Information for purposes other than treatment, payment and health care operations or for which you provided written authorization. To request an accounting of disclosures, you must make your request, in writing, to Dr. Randell. We will charge you for the costs of providing the list.

Right to Request Restrictions. You have the right to request a restriction or limitation on the Health Information we use or disclose for treatment, payment, or health care operations. You also have the right to request a limit on the Health Information we disclose to someone involved in your care or the payment for your care, like a family member or friend. For example, you could ask that we not share information about a particular diagnosis or treatment with your spouse. To request a restriction, you must make your request, in writing, to Dr. Randell. ***We are not required by Federal regulation to agree to your request.*** If we

agree, we will comply with your request unless the information is needed to provide you with emergency treatment.

Right to Request Confidential

Communication. You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you by mail or at work. To request confidential communication, you must make your request, in writing, to Dr. Randell. Your request must specify how or where you wish to be contacted. We will accommodate reasonable requests.

Right to a Paper Copy of This Notice.

You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time. Even if you have agreed to receive this notice electronically, you are still entitled to a paper copy of this notice. You may obtain a copy of this notice at our web site, www.obgynatlanta.com. To obtain a paper copy of this notice, please contact the front office receptionist.

CHANGES TO THIS NOTICE:

We reserve the right to change this notice and make the new notice apply to Health Information we already have as well as any information we receive in the future. We will post a copy of our current notice at our office. The notice will contain the effective date on the first page.

COMPLAINTS:

If you believe your privacy rights have been violated, you may file a complaint with our office or with the Secretary of the Department of Health and Human Services. To file a complaint with our office, contact Dr. Randell. All complaints must be made in writing. **You will not be penalized for filing a complaint.**

ACKNOWLEDGEMENT OF RECEIPT OF NOTICE:

I acknowledge that I have received a copy of the HIPPA Notice of Privacy Practices from the office of Michael D. Randell, M.D., P.C.

IMPORTANT INFORMATION ABOUT OUR PRACTICE

RE: 2022 Patient Letter and Agreement

Dear Patient:

Thank you for selecting our medical practice for your gynecological care. We look forward to providing you with world-class specialized comprehensive women's healthcare. Please carefully review this Agreement. It explains our policies and procedures regarding how our practice works, and our fee arrangements and billing methods. The Practice only follows what exists in writing on documents, including on our website. If you have any questions regarding these terms, please do not hesitate to contact us. Unless you are needing to make an appointment, we encourage you to contact the Practice via email, text, instant messaging, or fax. We have staff working off-site who can assist you with all non-appointment related issues. Please sign this letter after you have read it.

1. How We Work. Dr. Randell is in private, solo practice. He is a specialized gynecologic surgeon. In most circumstances, appointments can be made twenty-four hours in advance. Dr. Randell usually sees patients two days a week in clinic and operates two-three days a week. In addition to taking care of patients, Dr. Randell has teaching and administrative responsibilities that may require him to be out of the office on days that he is scheduled to see patients or operate. If this happens, our office will contact you to reschedule your appointment or surgery to a mutually convenient time. Dr. Randell will personally perform all surgeries and other services that are scheduled with him. The personal care Dr. Randell provides is unique these days. We believe that the delivery of first-rate healthcare requires that the patient be informed of the results of various tests. If you have not heard from our office within four weeks of your visit regarding test results, please do not hesitate to contact us via the "help button" on our website (www.obgynatlanta.com).

2. Fees. Payment in full is always collected at the time of service. If you have insurance, please present your valid insurance card at each visit. As a courtesy, we will bill your insurance company for all covered services within 90 days of service. If we are contracted with your insurance, you will be responsible for only paying your co-pay, deductible, and/or co-insurance amounts based on your benefits in effect at the time services are rendered. In addition, we bill patients the costs associated with all non-covered services including, without limitation, providing third parties with medical records and information regarding your care as is requested, appeals, and requests for gap exception coverage. Special robotic and advanced laparoscopic surgery, fertility care, other procedures, and other requests, as determined by the Practice, may incur additional charges that are not covered and/or not billed to your insurance company. If we are not contracted with your insurance company, you will be offered a discounted rate and this must be paid in full at the time of service. If your insurance company later reimburses us, you will receive a refund check within 30 days of us receiving payment from your insurance company.

Prior to having surgery, we will check your insurance benefits and determine an estimate of the amount likely to be your responsibility. Such estimates are not a maximum amount, however (unless we tell you otherwise), and the actual amount may differ from the estimated amount. You will be responsible for paying the estimated amount and non-covered charges in full at your preoperative appointment (usually the week of your surgery). We accept payment by certified bank check or cash. We do not accept credit cards for surgery related fees.

When Dr. Randell treats you via the telephone after hours it is for emergencies only. Therefore, for routine problems that require history, diagnosis and treatment (e.g., calling in a new prescription or refill into a pharmacy) the office may charge up to a \$125.00 professional fee (not covered by insurance) to your credit/debit card on file. There is never a charge for addressing postoperative problems and urgent medical issues. Please call 911 or go to the closest emergency room for all life-threatening conditions or any issues or complications that occur during the six-week post-operative period.

We also charge for copying medical records and completing forms /writing letters for your work or school. Copying fees are set in accordance with Georgia Law and must be paid prior to record delivery. Requests for copies of medical records must be in writing and contain your full name, telephone number, mailing address, email address, date of birth, last 4 numbers of your Social Security number and your signature. Information about requesting medical records is available on our website. Please do not call the office to request your medical records.

Patient Letter – 2022 (Page 2)

There is a \$250.00 non-refundable Administrative Service Fee charged only for all patients having surgery. This fee will cover all administrative services including, without limitation, surgical scheduling, coordinating hospital services, completing one FMLA form., completing one return to work form, writing letters, appealing denials, and all other administrative matters not covered by insurance. This fee must be paid before we complete any forms or write any letters. Additional fees will be charged for completing more than a total of two forms.

3. Billing Statements. We generally, but not always, bill patients on a monthly basis. Your statement, sent only via email, will include a description of services performed and any payment(s) made by your insurance company on your behalf. You may also receive separate billing statements from the laboratory, hospital, anesthesia, and/or surgical assistant. Some bills may arrive years after the services were provided depending on myriad factors such as insurance recoupments, incorrect processing, etc. Credits on your account will be applied to outstanding or future balances and will not be refunded, except under special circumstances. The insurance company explanation of benefits governs what you are responsible for paying.

Your balance for our practice is due and payable in full immediately upon receipt of your statement sent to your email address that you provide to the Practice. It is considered received when sent. It is our policy with new patients or with existing patients concerning certain matters, to request to have your credit/debit card information on file. You agree to allow us to charge your credit/debit card any outstanding account balance if the amount shown on your statement is not disputed within 14 days after it is sent (or if the statement is not paid if the dispute is rejected by us), or if your statement is returned to us as undelivered. Additional processing fees will apply. Further, you agree to pay us for any expenses (including legal fees and courts costs) we incur in connection with the collection of your past due account. You agree not to dispute with your credit card company any charges billed to your credit/debit card for charges as described in paragraphs 2, 3, and 4. Finally, you agree to handle all unresolved disputes under this Agreement in Fulton County Georgia Magistrate or State Court and you waive your right to any other venue.

If you should ever have a question about a billing statement, you should contact us immediately in writing, not by phone; otherwise, the billing statement is acceptable to you as presented. If you have insurance, you should speak with your insurance company about any billing questions. For your convenience, you can use your credit/debit card to pay your bill over the telephone or online. There will be a \$15.00 convenience fee charged to your card that is not refundable.

Occasionally, your insurance company may send payments directly to you or the policy holder (e.g., a parent or spouse) for services we have provided. You and/or the policy holder agree NOT to keep any such payment(s) and will forward ALL such payment(s) to us immediately. If any insurance payments intended for the Practice are converted for your own use, you understand that the Practice has the right to take action against you and you agree to compensate the Practice for all expenses incurred in connection with the collection of this payment from you.

4. Cancellations. Please notify us by email at least 24 hours in advance if you need to cancel or change your appointment (14 days in advance for surgery). There will be a \$50.00 fee (\$500.00 fee for surgery) automatically billed to your credit/debit card in the event that you do not show up for a scheduled appointment or you cancel or change your appointment less than 24 hours (less than 14 days for surgery) in advance. Fees also apply to same-day cancellations. (Same-day cancellations include showing up for an appointment and refusing to pay.) The cancellation fee is never waived, is non-refundable, and you agree to not request a refund from us and to not dispute the charge with your credit/debit card company. If your credit/debit card is rejected, you agree to pay us an additional amount of \$200.00. Surgeries scheduled less than 14 days in advance that are cancelled anytime afterwards will incur the \$500.00 cancellation fee. The cancellation fees may be increased with notice during certain times of the year.

5. Our Commitment. Dr. Randell regards his relationship with his patients as an inviolable trust based on respect, compassion, and concern for good health. We are proud of our high standard of work, and we care how our patients feel about the services we provide. Patient satisfaction and confidence that our practice provides the highest level of care is at the core of our service commitment. If at any time you, as a patient of our practice, do not feel we are living up to this commitment, please notify us promptly. Finally, we expect our patients to always act with respect and civility. We reserve the right to discharge any patient from the Practice for any reason at any time.

I have carefully read and reviewed each of the terms of this legally binding Agreement. All of my questions have been answered. I agree to each of the terms. I fully understand what I am signing.

Authorization to Disclose Health Information to Family Members and Friends

I hereby authorize Michael D. Randell MD, PC ("The Practice") to release my protected health information ("PHI") as described below:

		Type of Information Allowed to Disclose [Check one or both]		Method of Disclosure [Check one or both]	
Name	Relationship	Medical	Billing	By Phone	In Person

[Check One] I DO _____ DO NOT _____ give permission to The Practice to leave information on my answering machine (or voice mail) and/or with my family members (named above) in regard to treatment plans, referrals, test results and/or billing and payment information. HIPAA guidelines allow for basic information regarding appointments [time, date, location] to be left on an answering machine (or voice mail) or with family members.

HIPAA regulations authorize the release of PHI for the purpose of treatment, obtaining payment from third party payers, and the day-to-day healthcare operations of The Practice. Other than those releases authorized by HIPAA, PHI will only be released to persons listed on this authorization. If you choose not to authorize any family members or friends for disclosure of PHI, The Practice will not be able to release any information, including appointment or patient billing questions to anyone other than the patient.

Patient Request for Restriction on Use or Disclosure of Protected Health Information

The privacy of your Protected Health Information is protected by HIPAA. However, the Practice is permitted by HIPAA to use and disclose your protected health information, with certain limits and protections, for treatment, payment and health care operations activities. Pursuant to HIPAA, you have the right to request restrictions on the Practice's use and disclosure of your protected health information for treatment, payment or health care operations activities. The Practice is not required to agree to your request for restrictions, but if the Practice does agree to your request, it is bound by that agreement and cannot use or disclose your protected health information in a manner inconsistent with an agreed-upon restriction.

Today's Date: _____ Patient's Birth Date: _____

Patient's Name: _____

I request that the Practice restrict the use and disclosure of my protected health information ("PHI") for purposes of treatment, payment or healthcare operations as follows:

1. I understand that the Practice is not required by HIPAA to agree to this restriction, unless the restriction concerns a disclosure to a health plan for purposes of carrying out payment or health care operations and such disclosure is not otherwise required by law and the restriction concerns PHI which pertains solely to a health care item or service for which the Practice has been paid out of pocket by me in full.

2. If the Practice agrees to this restriction, I understand the restriction may be terminated at any time. A termination of this restriction is effective for PHI that the Practice creates or receives after the date it informs me of such termination. Restrictions concerning a disclosure to a health plan for purposes of carrying out payment or health care operations where such disclosure is not otherwise required by law and concerns PHI which pertains solely to a health care item or service for which the Practice has been paid out of pocket by me in full will not be terminated unless I request such termination in writing.

3. Even if the request is granted, I understand that restricted PHI may be used or disclosed to provide emergency treatment for me or as otherwise required by law. However, the emergency treatment provider will be asked not to redisclose any restricted PHI.

4. I understand that in accordance with other applicable law, the types of uses and disclosures I have written above may or may not be otherwise permitted.

5. I also understand that my right to request restrictions under this HIPAA provision only extends to use or disclosure for treatment, payment or health care operations. My right to authorize the use and disclosure of protected health information for other purposes (or to withhold consent) is addressed in separate policies and the HIPAA Notice of Privacy Practices.

Financial Responsibility

I have requested professional services from Michael D. Randell, MD, PC d/b/a OBGYN Atlanta ("Provider") on behalf of myself and/or my dependents, and understand that by making this request, I am responsible for all charges incurred during the course of said services. I understand that all fees for said services are due and payable on the date services are rendered and agree to pay all such charges incurred in full immediately upon presentation of the appropriate statement unless other arrangements have been made in advance.

Assignment of Insurance Benefits

I hereby assign all applicable health insurance benefits to which I and/or my dependents are entitled to Provider. I certify that the health insurance information that I provided to Provider is accurate as of the date set forth below and that I am responsible for keeping it updated with the Provider.

I hereby authorize Provider to submit claims, on my and/or my dependent's behalf, to the benefit plan (or its administrator) listed on the current insurance card I provided to Provider, in good faith. I also hereby instruct my benefit plan (or its administrator) to pay Provider directly for services rendered to me or my dependents. To the extent that my current policy prohibits direct payment to Provider, I hereby instruct and direct my benefit plan (or its administrator) to provide documentation stating such non-assignment to myself and Provider upon request. Upon proof of such non-assignment, I instruct my benefit plan (or its administrator) to make out the check to me and mail it directly to Provider.

I am fully aware that having health insurance does not absolve me of my responsibility to ensure that my bills for professional services from Provider are paid in full. I also understand that I am responsible for all amounts not covered by my health insurance, including, without limitation, co-payments, co-insurance, deductibles, administrative service fees, and other non-covered fees.

Assignment of Medicare and/or Medicaid Benefits

I hereby certify that the information given by me in applying for payment under Title XVIII/XIX of the Social Security Act is correct. I authorize any holder of medical or other information about me to release to the Health Care Financing Administration or Georgia Medical Care Foundation or its intermediaries or carriers any information needed for this or a related Medicare/Medicaid claim. I hereby certify all insurance pertaining to treatment shall be assigned to the Provider.

Authorization to Release Information

I hereby authorize Provider to: (1) release any information necessary to my health benefit plan (or its administrator) regarding my illness and treatments; (2) process insurance claims generated in the course of examination or treatment; and (3) allow a photocopy of my signature to be used to process insurance claims. This order will remain in effect until revoked by me in writing.

ERISA Authorization

I hereby designate, authorize, and convey to Provider to the full extent permissible under law and under any applicable insurance policy and/or employee health care benefit plan, as my Authorized Representative: (1) the right and ability to act on my behalf in connection with any claim, right, or cause in action that I may have under such insurance policy and/or benefit plan; and (2) the right and ability to act on my behalf to pursue such claim, right, or cause of action in connection with said insurance policy and/or benefit plan (including but not limited to, the right to act on my behalf in respect to a benefit plan governed by the provisions of ERISA as provided in 29 C.F.R. §2560.5031(b)(4)) with respect to any healthcare expense incurred as a result of the services I received from Provider and, to the extent permissible under the law, to claim on my behalf, such benefits, claims, or reimbursement, and any other applicable remedy, including fines.

A photocopy of this Assignment/Authorization shall be as effective and valid as the original.

IMPORTANT INFORMATION ABOUT YOUR BILLING STATEMENTS
From Michael D. Randell, MD d/b/a OBGYN Atlanta

We generally, but not always, bill patients on a monthly basis. Your bill will be sent via email and will include a description of services performed and any payment(s) made by your insurance company on your behalf. Some bills may arrive years after the services were provided depending on myriad factors such as insurance recoupments, incorrect processing, etc. Credits on your account will be applied to outstanding or future balances.

Your balance for our practice is due and payable in full immediately upon receipt of your statement. It is our policy with new patients or with existing patients concerning certain matters, to request to have your credit card information on file. You agree to allow us to charge your credit card any outstanding account balance of the statement at anytime as determined by the practice. Additional processing fees will apply. Further, you agree to pay us for any expenses (including legal fees) we incur in connection with the collection of your past due account. Finally, you agree to not dispute with your credit card company any charges billed to your credit card for valid charges.

If you should ever have a question about a billing statement or our billing procedure, you should contact us immediately in writing; otherwise, the billing statement is acceptable as presented. For your convenience, you can use your credit card to pay your bill over the telephone or online (payment.obgynatlanta.com). There will be a \$10.00 convenience fee charged to your credit card. Additional credit card fees may be billed as well, from time to time, as determined by the practice that are not refundable.

It is your responsibility to keep up with your patient account. You will receive (or have access to) explanation of benefits (EOBs) from your insurance company. These reports are not bills, but provide you with general information regarding what you owe us. Non-covered services and administrative service fees that you are responsible for will not be shown on EOBs.

PLEASE PROVIDE US WITH YOUR EMAIL ADDRESSE(S) WHERE YOU WOULD LIKE US TO SEND YOUR BILLING STATEMENTS.

HIV Antibody Testing

Acknowledgement of Counseling & Consent for Voluntary AIDS Testing

Michael D. Randell, M.D., F.A.C.O.G.

Patient Name: _____

Date: _____

The American Medical Association recommends that I offer patients routine voluntary testing for antibody to the AIDS virus. Women at higher risk for carrying the AIDS virus are:

- a. Those women with a history of intravenous drug use.
- b. Those women who have sexual contact with homosexual or bisexual males.
- c. Those women who have had blood transfusions prior to March 1985.
- d. Those women not having a monogamous sexual relationship.
- e. Those women who have had sex with a partner who is at risk.
- f. Those women who immigrate from a country with a high rate of AIDS.
- g. Those women who have had artificial insemination.
- h. Those women who have been raped.

The HIV antibody test is not always accurate. The test may result in a false negative by failing to detect antibodies to the virus which are in the blood. This test may also result in a false positive by indicating that there are antibodies which are not really in the blood.

For my pregnant patients, I want you to know that the AIDS virus is freely transmitted to the fetus. Newborns infected with the AIDS virus usually do not survive.

I will keep your test results as part of your complete medical record, and will not release that information without your consent, unless required or authorized by law.

My signature below acknowledges that:

- a. I have read or someone has read to me this form, and I understand this consent form.
- b. All questions regarding the HIV antibody test have been answered.
- c. I understand that further information and counseling is available from the Georgia Department of Human Resources.
- d. I give permission to collect one or more blood specimens from me (as in other blood tests) to detect whether I have antibodies in my blood to the Human Immunodeficiency Virus (HIV), which is associated with Acquired Immune Deficiency Syndrome (AIDS).
- e. I consent to the release and use of my test results as set forth above.
- f. If I am consenting on behalf of another, I confirm that I am the patient's parent, legal guardian, or next of kin, and that the patient is unable to sign because: _____

_____ I request to have the AIDS test done at this time. _____ I do not request to have the AIDS test done at this time.
